

CORE Fiber Optic Trailer

LONGER COUNTERTOPS

THE BEST LIGHTING

AMAZING WORKSPACES

PREMIUM PVC CABINETS

ENGINEERED FOR PROFESSIONAL USE

COMPOSITE PANEL CONSTRUCTION:

Extreme Efficiency.

100% composite panels are extremely lightweight, strong, durable, and dent resistant.

KEEP THE ELEMENTS OUT:

Your operating room is ready.

CNC-fabricated panels provide industry-leading fit and finish. Core-to-core bonding leaves no voids in the structure. Improved sealing keeps out dirt, dust, and insects.

WATERPROOF CONSTRUCTION

Made for easy clean up and removing dust and debris

STAY WARM OR COOL:

The best insulated trailers on the market allow for quick and easy heat up or cool down for maximum comfort and minimal power needs.

GROUND CLEARANCE:

Maximum access.

Torsion suspension and open undercarriage design improves approach angles and increases off-road capability. Stabilizer jacks are removable and wiring is inside of the sealed cabin.

LOWER COST OF OWNERSHIP FROM HIGHER QUALITY PRODUCTS

UNIQUE OPTIONS:

Adaptable to your specific needs.

Incorporate options like our drop-down frame, floor access panels, or even our patented hybrid wheel/skid design to increase mobility to get the job done in the toughest of environments

INTELLI-CORE, LLC - LITCHFIELD, MN 55355 320-298-1600

CORE Fiber Optic Trailer

7015FT

- 7' Wide
- 15' Long
- Tandem Axle
- 7000# GVWR
- Brakes

7015FS

- 7' Wide
- 15' Long
- Single Axle
- 3500# GVWR
- Brakes

Standard Features

Frame

- Heavy-duty aluminum chassis
- 360 degree welds
- Quick detach rear stabilizer jacks
- Adjustable height channel coupler with 2" or 2-5/8" ball

Body

- INTELLI-CORE composite panel construction
- Structurally bonded for longer life and improved strength
- Dual-pane windows
- Cable access door next to each entry door

Running Gear

- Sealed Rubber suspension for improved ride and durability; ride-height adjustable
- Axles & alignment are serviceable & replaceable with standard hand tools.
- Electric brakes with DOT breakaway system

Lighting: 12V lighting allows operation without generator.

- 12V LED Interior Lighting: continuous ceiling lighting minimizes shadows and task lighting illuminates workbench.
- 12V LED exterior halo lighting illuminates work zone.

Power

- 30A 120VAC Shore Power input plug
- 40A 12VDC Converter/charger
- 110V GFI Outlets
- 12V and USB charging outlets
- Battery compartment

CORE Rail Cargo Management

- Quickly mount accessories/parts bins
- Move/relocate as needed without tools

CORE Advantage: Customizable To Fit Your Application

We will partner with you to design and build a vehicle that is perfectly suited to expand your fleet capability in a cost effective way. Select from numerous existing options and we can incorporate custom solutions to suit your needs.

- | | | |

INTELLI-CORE STRUCTURAL COMPOSITE TECHNOLOGY

Numerous advantages over traditional construction methods result in a lighter, stronger, easier to use, and longer lasting product which increases capability and productivity.

Lightweight - The lightest trailers in their class. Easy to tow, even behind utility vehicles.

Durable - Structural composite construction results in a dent resistant, stronger, and more resilient design.

Non-Conductive - Panels are constructed out of fiberglass, foam, and/or honeycomb materials.

Store Indoors or Out - Panels are waterproof, UV resistant, and built to handle the elements.

Easy to Maintain/Clean - Pressure wash inside and out. Smooth surfaces are easy to clean.

No Organic Materials = NO Mold, NO Rot, NO Mildew!

Precision Engineering - All panels, cabinetry, and storage solutions manufactured using CNC equipment for higher quality and industry leading fit and finish.

Thermal Advantage - Paneled construction gives a higher insulated product that is easy to heat/cool at a lower cost.

Easy to Graphic - Smooth, seamless paneled construction provides improved aesthetics and easy graphic application. Panels are available in many color options.

RF Transparent - Composite panels allow for radio wave transparency.

Longer Life - A CORE trailer utilizes manufacturing methods and materials that last longer reducing the frequency and need for replacement.

Easy to Repair - Damage is quickly and easily repaired at a lower cost.
